

**Product Code:** CSK001

**Description:** WiFi Plug-In Smart Sockets

## General Information

|                                     |                                                                                                                 |                                             |
|-------------------------------------|-----------------------------------------------------------------------------------------------------------------|---------------------------------------------|
| <b>Dimensions (mm)</b>              | 57 (W) x 57 (H) x 65 (D)                                                                                        |                                             |
| <b>Body Dimensions (mm)</b>         | 57 (W) x 57 (H) x 38 (D)                                                                                        |                                             |
| <b>Finish</b>                       | White                                                                                                           |                                             |
| <b>Materials</b>                    | Housing: Polycarbonate                                                                                          | Electronics: PCB & Electronic Components    |
| <b>Rated Voltage (V~) (Ue)</b>      | 230                                                                                                             | <b>Frequency (Hz)</b> 50/60                 |
| <b>Resistive Load Rating (A)</b>    | 13                                                                                                              |                                             |
| <b>Load Rating (W)</b>              | 2990                                                                                                            |                                             |
| <b>Protocol</b>                     | WIFI                                                                                                            | <b>Signal Transmission Frequency</b> 2.4GHz |
| <b>Standby Current (mA)</b>         | <100                                                                                                            |                                             |
| <b>Indicator Colour</b>             | Blue                                                                                                            |                                             |
| <b>Ingress Protection</b>           | IP20                                                                                                            |                                             |
| <b>Operational Temperature (°C)</b> | -20 to +40                                                                                                      |                                             |
| <b>Warranty (Years)</b>             | 2                                                                                                               |                                             |
| <b>Standards</b>                    | BS1363-3<br>BS EN 55035<br>BS EN 61000-3-2 & BS EN 61000-3-3<br>BS EN 301489-1 & BS EN 301489-17<br>BS EN 62311 |                                             |

**Additional Information** Pairs directly with your WIFI  
Voice control using Alexa and/or Google Home

**Kit Components Supplied** 4 x Plug-in Socket Receivers  
,Instruction Manual

**Programming Information** With app setup and Plug-in Smart Socket powered, add the Plug-in Smart Socket via the app.
